I PRAISE YOU LORD:

- Fifty-one campers (a new record) made salvation decisions during the first week of camp!
- The summer staff is outstanding. They are great role models for our campers.
- The Tamaracks, our new Jump Start boys cabins, were finished in time to be used during the first week of camp!
- The second week of camp was at capacity with 613 campers on site.
- Troy DeShano is back at camp and working with our media staff.
- After a winter with many health problems, our junior high speaker, Ron Bouvier Jr., has had the strength and stamina to really make a difference in our Junior High Camp.
- The LIFT team from 2005-2006 have all taken leadership roles at the camp and are doing exemplary work with the other summer staff.
- The Acorn Acres petting farm is a real boost to the Junior program and the horse riding option for the Juniors is giving this program a new spark.
- This summer will be a record breaking year with our largest attendance ever at summer camp.
- Our sister camp in Romania is growing to two weeks this August.

I PRAY FOR:
